Chapter III—Bureau of Entomology and Plant Quarantine, Department of Agriculture

[B. E. P. Q. 566]

PART 301—DOMESTIC QUARANTINE NOTICES MEXICAN FRUITFLY PERMIT REQUIREMENTS PARTIALLY WAIVED FOR LOT SHIPMENTS OF CITRUS FRUITS

In the regulations supplemental to Notice of Quarantine No. 64 on account of the Mexican fruitfly (7 CFR, 1945 Supp., 301.64 to 301.64-7, incl.) § 301.64-3 (a) among other requirements, states that "grapefruits, oranges, and other citrus fruits, except lemons and sour limes, shall not be moved interstate from a regulated area unless every crate, box, or other container of such host fruits has attached a valid shipping permit. In addition to the shipping permit every shipment of six or more crates, boxes, or other containers of citrus fruits moved interstate shall be accompanied by a master permit * * *." Provision is made in the quarantine for the issuance of administrative instructions by the Chief of the Bureau of Entomology and Plant Quarantine to modify the restrictions of the regulations when such action may be taken without risk of spread of the Mexican fruitfly.

It has been found that the number of individual containers to be shipped from the regulated area this year requires a reconsideration of the permit requirements for each such container. For the purpose of keeping the certificate requirements within reasonable limits, it is necessary to modify, for part at least of the present shipping season, the requirement that every container in shipments of six or more containers shall have attached a valid shipping permit. During this period such a lot shipment will be considered adequately covered by permit if accompanied only by the master permit. Natural conditions are such that this limited modification of permit requirements will not be attended by risk of spreading infestation.

In order to be of maximum benefit in conserving certificates, it is necessary that this modification be effected at once. For this reason it is found upon good

cause, pursuant to the provisions of section 4 of the Administrative Procedure Act (60 Stat. 238), that notice and public procedure on these instructions are unnecessary, impracticable, and contrary to the public interest. Inasmuch as these instructions relieve restrictions heretofore imposed, they are within the exception in section 4 (c) of the Administrative Procedure Act and may properly be made effective less than 30 days after their publication in the FEDERAL REGISTER.

§ 301.64-3g *Administrative instructions partially modifying permit requirements for interstate movement of lot shipments of citrus fruit from the regulated area.* Having determined, pursuant to the second provision in the quarantine in 7 CFR 1945 Supp. 301.64, that such action may be taken without risk of spread of the Mexican fruitfly, the Chief of the Bureau of Entomology and Plant Quarantine hereby modifies by waiving, until further notice, but not beyond the end of the 1948 citrus fruit shipping season, the requirement contained in § 301.64-3 (a) of the regulations supplemental to said quarantine, that a shipping permit shall accompany each container in shipments of six or more containers, such waiver to be effective March 6, 1948. A master permit accompanying each such lot shipment will be deemed adequate. (Sec. 8, 37 Stat. 318, 39 Stat. 1165, 44 Stat. 250; 7 U. S. C. 161; 7 CFR, 1945 Supp., § 301.64-3 (a))

Done at Washington, D. C., this 26th day of February 1948.

Chief, Bureau of Entomology
and Plant Quarantine.

of 1948 (61 Stat. 922) and the Administrative Procedure Act (60 Stat. 237) General Sugar Quota Regulations, Series 10, No. 1 (13 F. R. 133), establishing sugar quotas for 1948, are hereby amended as hereinafter set forth.

Basis and purpose. The amendments herein are issued pursuant to the Sugar Act of 1948 and are made for the purpose of giving effect to the revision of the determination of sugar consumption requirements made by the Secretary of Agriculture on February 28, 1948.

After setting forth quotas in specific amounts for domestic sugar producing areas and the Republic of the Philippines, section 202 of the act provides that the difference between the sum of such quotas and the consumption estimate shall be prorated to foreign countries other than the Republic of the Philippines on the basis of stated percentages. Since the Sugar Act makes the revision of quotas a mere mathematical computation, it is hereby determined and found that compliance with the notice and procedure requirements of the Administrative Procedure Act is unnecessary. Furthermore, under section 202 of the Sugar Act, the Secretary of Agriculture is required promptly to revise existing quotas whenever there is a change in the determination of consumption requirements. Accordingly, it is hereby found that compliance with the 30 day effective date requirement of the Administrative Procedure Act is impracticable and contrary to the public interest and the amendments made herein shall become effective on the date of their publication in the FEDERAL REGISTER.

General Sugar Quota Regulations, Series 10, No. 1 (13 F. R. 133) are hereby amended as follows:

Section 821.4 is changed to read:

§ 821.4 *Revised quotas for other areas.* There are hereby established, pursuant to subsections (b) and (c) of section 202 of the act, for foreign countries for the calendar year 1948, the following quotas:

Area:	Quotas in terms of short tons, raw value
Republic of the Philippines	982,000
Cuba	2,219,400
Other foreign countries	30,000

Paragraph (a) of § 821.6 is changed to read:

§ 821.6 *Proration of quota for foreign countries other than Cuba and the Republic of the Philippines—(a) Revised prorations.* The quota for foreign countries other than Cuba and the Republic of the Philippines is hereby prorated, pursuant to subsection (c) of section 202 of the act, among such countries as follows:

Country	Prorations in pounds, raw value
Belgium	361,221
Canada	692,481
China and Hong Kong	353,010
Czechoslovakia	323,100
Dominican Republic	8,184,000
Dutch East Indies	259,414
Guatemala	411,044
Haiti, Republic of	1,131,140
Honduras	4,212,987
Mexico	7,403,267
Netherlands	267,399
Nicaragua	12,644,822
Peru	13,640,889
Salvador	10,074,812
United Kingdom	430,304
Venezuela	356,930
Other Countries	52,685

Subtotal 60,700,000
Unallotted reserve 500,000

Total 61,200,000

Statement of bases and considerations. The revised quotas for Cuba and

"Other Foreign Countries" have been established by prorating the amount by which the revised estimate of consumption exceeds the quotas for domestic areas and the Philippines on the basis of 98.6 per centum to Cuba and 1.36 per centum to "Other Foreign Countries", as provided in section 202 (c) of the act. In addition, as provided in section 202 (c) the revised quota for "Other Foreign Countries" has been prorated on the basis of the prorations of such quota in effect for the calendar year 1937.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 146—CERTIFICATION OF BATCHES OF PENICILLIN- OR STREPTOMYCIN-CONTAINING DRUGS

PROCAINE PENICILLIN IN OIL

By virtue of the authority vested in the Federal Security Administrator by the provisions of section 507 of the Federal Food, Drug, and Cosmetic Act (52 Stat. 1040, 1055, as amended by 59 Stat. 463 and 61 Stat. 11; 21 U. S. C., Sup. 357) the regulations for certification of batches of penicillin- or streptomycin-containing drugs (12 F. R. 2231), as amended, are hereby further amended as indicated below:

1. Section 146.45 (a) is amended to read:

§ 146.45 *Procaine penicillin in oil*—(a) *Standards of identity, strength, quality, and purity.* Procaine penicillin in oil is a suspension of procaine penicillin in refined peanut oil or sesame oil, with or without the addition of one or more suitable and harmless dispersing agents and with or without the addition of a hardening agent. Its potency is 300,000 units per milliliter. Its moisture content is not more than 1.4 percent. It is sterile. The procaine penicillin used conforms to the requirements of § 146.44 (a) The sesame oil and peanut oil used conform to the standards prescribed therefor by the U. S. P. The hardening agent is a refined hydrogenated and deodorized peanut oil free from rancidity; it has an iodine value of not more than 10; its free fatty acid content as oleic acid is not more than $\frac{1}{10}$ of 1 percent; and its melting point is 64° C., $\pm 2^\circ$ C.

2. Section 146.45 (c) (1) (iv) is amended to read:

(c) *Labeling.* * * *

(1) * * *

(iv) The statements "For intramuscular use only" and, if it does not contain a hardening agent, "Shake well."

3. Section 146.45 (d) (3) (iii) is amended to read:

(d) *Requests for certification; samples.* * * *

(3) * * *

(iii) In case of an initial request for certification, the peanut oil or sesame oil and each dispersing and hardening agent used in making the batch; one package of each containing, respectively, approximately 250 grams and 5 grams.

This order, which makes provision for the use of a hardening agent in the preparation of procaine penicillin in oil permitting it to be packaged in disposable cartridges, shall become effective upon publication in the FEDERAL REGISTER, since both the public and the penicillin industry will benefit by the earliest effective date, and I so find.

Notice and public procedure are not necessary prerequisites to the promulgation of this order and would be contrary to the public interest, and I so find, since it was drawn in collaboration with interested members of the affected in-

dustry, and since it would be against public interest to delay the marketing of procaine penicillin in oil in disposable cartridges.

Part 10 is amended by adding a new § 10.4, reading as follows:

§ 10.4 *Regional directors to approve rates for hire of animals, vehicles, and equipment.* The appropriate regional director, as designated in §§ 01.30 and 01.82 of this chapter, is authorized to approve rates for the hire by the National Park Service, with or without personal services, of work animals and animal-drawn and motor-propelled vehicles and equipment without compliance with the provisions of sections 3709 and 3744 of the Revised Statutes (41 U. HANDLING OF MILK IN TOLEDO, OHIO, MARKETING AREA

NOTICE OF RECOMMENDED DECISION AND OPPORTUNITY TO FILE WRITTEN EXCEPTIONS THERETO WITH RESPECT TO A PROPOSED AMENDMENT TO TENTATIVE MARKETING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agree-

ments and orders (7 CFR Supps., 900.1 et seq., 11 F. R. 7737; 12 F. R. 1159, 4904), notice is hereby given of the filing with the Hearing Clerk of a recommended decision of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Toledo, Ohio, milk marketing area, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.)

Interested parties may file exceptions to this recommended decision with the Hearing Clerk, Room 1844, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this recommended decision in the FEDERAL REGISTER.

Preliminary statement. A public hearing to consider a proposed amendment to the order, as amended, and the tentative marketing agreement was held at Toledo, Ohio, November 19, 1947, following receipt of a proposal filed by the Northwestern Cooperative Sales Association (12 F. R. 7633)

The material issue presented on the record of hearing was whether the Class I "floor price" should be extended for a limited period in 1948 at the December 1947 Class I "floor price" level.

Findings and conclusions. The proposed findings and conclusions with respect to the material issue presented at the hearing, together with the reasons therefor are as follows:

The Class I floor price provisions of the order should not be amended to provide floor prices at the December 1947 level during a limited period of 1948.

The Class I milk price, resulting from the price formula contained in the order, at the time of the hearing was near or in excess of the December floor price provided therein. Although the feed situation was shown to be less favorable for milk production than a year ago, it was not established that the present provisions of the order would not result in prices which would reflect changes in the feed situation and other supply and demand conditions during the spring of 1948. The proponents do not propose to extend floor prices beyond the flush production period of 1948. The evidence fails to show that the extension of the December floor prices during the early months of 1948 is necessary to insure an adequate supply of pure and wholesome milk for the marketing area. Producers argued that it was necessary to assure producers definite minimum Class I prices during the early months of 1948. Under prevailing conditions it appears that the present formula method of establishing prices for Class I milk, coupled with the present floor price provisions of the Order already gives producers a reasonable amount of price assurance for this period.

Therefore, it is concluded that the proposal for amending the Class I floor price provisions of § 930.5 should not be adopted.

Rulings on proposed findings and conclusions. Briefs were filed on behalf of the Northwestern Cooperative Sales Association and The Milk Distributors Association representing handlers subject to Order No. 30. The briefs contained statements of fact, conclusions and arguments with respect to the proposal discussed at the hearing. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that such suggested findings and conclusions contained in the briefs are inconsistent with the findings and conclusions contained herein, the request to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions in the recommended decision.

Filed at Washington, D. C., this 8th day of March 1948.

C., not later than the close of business on the 10th day after the publication of this recommended decision in the FEDERAL REGISTER.

Preliminary statement. A public hearing was held on November 24, 1947, to consider a proposed amendment to the order, as amended, and to the tentative marketing agreement following receipt of a proposal filed by The Cooperative Pure Milk Association; The K. I. O. Milk Producers' Association; and The Milk Producers Union, Inc. (12 F. R. 7630).

The material issue presented on the record of hearing was whether the Class I "floor price" should be extended for a limited period in 1948 at the December 1947 Class I "floor price" level.

Findings and conclusions. The proposed findings and conclusions with respect to the material issue presented at the hearing, together with the reasons therefor are as follows:

The Class I floor price provisions of the order should not be amended to provide floor prices at the December 1947 level during a limited period of 1948.

The Class I milk price, resulting from the price formula contained in the order, at the time of the hearing was near or in excess of the December floor prices provided therein. Therefore, it is concluded that the proposal for amending the Class I floor price provisions of § 965.5 should not be adopted.

No briefs were filed with respect to the proposal discussed at the hearing.

Filed at Washington, D. C., this 8th day of March 1948.

R. 1159, 4904) notice is hereby given of the filing with the Hearing Clerk of a recommended decision of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to proposed amendments to the order, as amended, and to the tentative marketing agreement, regulating the handling of milk in the

Dayton-Springfield, Ohio milk marketing area, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.)

Interested parties may file exceptions to this recommended decision with the Hearing Clerk, Room 1844, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this recommended decision in the Federal Register.

Preliminary statement. A public hearing to consider proposed amendments to the order, as amended, and to the tentative marketing agreement was held at Dayton, Ohio, November 21, 1947 following receipt of a proposal filed by The Miami Valley Milk Producers Association, Inc. (12 F. R. 7639). Additional proposals were submitted by the Dairy Branch, Production and Marketing Administration.

The material issues presented on the record of hearing were whether:

(1) Class I and Class II "floor prices" should be extended for a limited period in 1948 at the December 1947 Class I and Class II "floor price" levels, respectively.

(2) The provision "and adding 20 cents" to the price of skim milk during the months of January through March, and August through December in the determination of the Class III price should be applicable insofar as such price is used as one of the alternate basic prices for establishing Class I and Class II milk prices.

Findings and conclusions. The proposed findings and conclusions with respect to the material issues presented at the hearing, together with the reasons therefor, are as follows:

(1) The Class I and Class II minimum price provisions of the order should not be amended to provide floor prices at the December 1947 level during a limited period in 1948.

The Class I and Class II milk prices, resulting from the price formulas contained in the order, at the time of the hearing were near or in excess of the December floor prices provided therein. Although the feed situation was shown to be less favorable for milk production than a year ago, it was not shown that the present provisions of the order would not result in prices which would reflect changes in the feed situation and other supply and demand conditions during the early months of 1948. The evidence fails to show that the extension of the December floor prices during the early months of 1948 is necessary to insure an adequate supply of pure and wholesome milk for the marketing area. The proponents argued that some "price security" was needed until the pasture season. Under prevailing conditions it appears that the present formula method of establishing Class I and Class II milk prices, coupled with the present floor price provisions of the order already gives producers a reasonable amount of price assurance for this period.

Therefore, it is concluded that the proposal for amending the Class I and Class II floor price provisions of § 971.5 of the order should not be adopted.

(2) Section 971.5 should be amended to provide that the addition of 20 cents per hundredweight to the price of skim milk in Class III milk during the months of January through March and August through December should be eliminated insofar as such computation is used as one of the alternative basic price formulas.

The butter-non-fat-dry-milk-solids pricing formula contained in the order was amended effective September 10, 1947, to provide for the addition of 20 cents per hundredweight in the establishment of the Class III price during January through March and August through December. This Class III price is used as one of the alternative basic price formulas under § 971.5 (a) by cross reference and from the amendment a mechanical defect resulted in the order. Upon request by the industry in the market, the application of the "20 cents" in determining the basic price was eliminated by suspension action. Producers and handlers testified that it was not their intention, or was there evidence presented at the hearing prior to this amendment action, to increase the Class III formula price by the twenty cents in its application as an alternative basic formula price.

It is therefore concluded that § 971.5 (a) (3) should be amended to provide for the subtraction of 20 cents per hundred-weight during the months of January through March and August through December.

Rules on proposed findings and conclusions. Briefs were filed on behalf of the Miami Valley Milk Producers Association, Inc., and handlers subject to Order No. 71. The briefs contain statements of fact, conclusions and argument with respect to the proposals discussed at the hearing. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth. To the extent that such suggested findings and conclusions contained in the briefs are inconsistent with the proposed findings and conclusions contained herein, the request to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions in the recommended decision.

Recommended marketing agreement and amendment to the order, as amended. The following provisions is recommended as the detailed and appropriate means by which the foregoing conclusions may be carried out. The recommended marketing agreement is not included in this recommended decision because the regulatory provisions thereof would be the same as those contained in the order, as amended, and as proposed here to be further amended:

Delete from § 971.5 (a) subparagraph (3) and substitute therefor the following:

(3) Multiply by 0.035 the price per hundredweight of butterfat made into butter as computed pursuant to paragraph (d) (2) of this section, and add thereto the price per hundredweight of skim milk computed pursuant to para-

graph (d) (1) of this section, less 20 cents for the months of January, February, March, August, September, October, November and December, multiplied by 0.965.

Filed at Washington, D. C., this 8th day of March 1948.

NOTICE OF RECOMMENDED DECISION (AND OPPORTUNITY TO FILE WRITTEN EXCEP- TIONS THERETO WITH RESPECT TO A PRO- POSED AMENDMENT TO TENTATIVE MARKET- ING AGREEMENT AND ORDER

Pursuant to the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders (7 CFR Supps., 900.1 et seq., 11 F. R. 7737; 12 F. R. 1159, 4904) notice is hereby given of the filing with the Hearing Clerk of a recommended decision of the Assistant Administrator, Production and Marketing Administration, United States Department of Agriculture, with respect to a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Tri-State marketing area, to be made effective pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.)

Interested parties may file exceptions to this recommended decision with the Hearing Clerk, Room 1844, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this recommended decision in the FEDERAL REGISTER.

Preliminary statement. A public hearing to consider a proposed amendment to the order, as amended, and to the tentative marketing agreement was held at Gallipolis, Ohio, November 25, 1947, following receipt of a proposal filed by the Scioto County Cooperative Milk Producers Association; The Athens Milk Sales, Inc., The Marietta Cooperative Milk Producers Association; and the Huntington Inter-State Milk Producers Association (12 F. R. 7640)

The material issue presented on the record of hearing was whether Class I and Class II "floor prices" should be extended for a limited period in 1948 at the December 1947 Class I and Class II "floor price" levels respectively.

Findings and conclusions. The proposed findings and conclusions with respect to the material issue presented at the hearing, together with the reasons therefor, are as follows:

The Class I and Class II floor price provisions of the order should not be amended to provide floor prices at the December 1947 level during a limited period of 1948.

The Class I and Class II milk prices, resulting from the price formulas contained in the order, at the time of the hearing were near or in excess of the December floor prices provided therein. Although the feed situation was shown to be less favorable for milk production than a year ago, it was not established that the present provisions of the order would not result in prices which would reflect changes in the feed situation and other supply and demand conditions during the spring of 1948. The evidence fails to show that the extension of the December floor prices during the early months of 1948 is necessary to insure an adequate supply of pure and wholesome milk for the marketing area. Producers argued that it was necessary to assure them definite minimum Class I and Class II prices during the early months of 1948. Under prevailing conditions it appears that the present formula method of establishing Class I and Class II milk prices, coupled with the present floor price provisions of the order already gives producers a reasonable amount of price assurance for this period.

Therefore it is concluded that the proposal for amending the Class I and Class II floor price provisions of § 972.5 should not be adopted.

Rulings on proposed findings and conclusions. Briefs were filed by producers and on behalf of a number of handlers subject to Order No. 72. The briefs contained statements of fact, conclusions and arguments with respect to the proposal discussed at the hearing. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions herebefore set forth. To the extent that such suggested findings and conclusions contained in the briefs are inconsistent with the proposed findings and conclusions contained herein, the request to make such findings or to reach such conclusions are denied on the basis of the facts found and stated in connection with the conclusions in the recommended decision.

received the approval of the Secretary of Agriculture.

The following amendments have been proposed:

By The Scioto County Co-operative Milk Producers Association; The Athens Milk Sales, Inc., The Marietta Co-operative Milk Producers Association; and Huntington Inter-State Milk Producers Association:

1. Amend § 972.5 (a) by deleting in the sixth line after "(1)" the following: "(2) or (3)" and inserting in lieu thereof "or (2)"

2. Amend § 972.5 (a) by deleting subparagraphs (2) and (3) and inserting in lieu thereof the following:

(2) Sources of economic data for computing basic formula price. A publication entitled "Agricultural Prices" issued monthly by the Bureau of Agricultural Economics of the United States Department of Agriculture shall be used as the source of prices of corn, oats, soybean meal, linseed meal, bran, middlings, hay, hogs, beef cattle, eggs, chickens, lambs, veal calves and wool.

A publication entitled "Farm Labor" issued monthly by the Bureau of Agricultural Economics of the U. S. D. A., shall be used as the source of farm wage rates.

A publication entitled "Wholesale Prices of All Commodities" issued monthly by the Bureau of Labor Statistics of the United States Department of Labor shall be used as the source of wholesale prices.

A publication entitled "Bulletin of Business Research" issued monthly by the College of Commerce and Administration of the Ohio State University shall be used as the source of retail store sales.

The price per hundredweight computed as follows for each month: Compute a weighted monthly average of dairy feed prices by adding the prices of the corresponding months of the five previous years with weights as follows: corn 50 percent, oats 20 percent, soybean meal 15 percent, linseed meal 5 percent, bran 5 percent, and middlings 5 percent. Divide this total by 5. Compute a similar weighted average of prices for the same feeds for the current month. For corn and oats use prices received by Ohio Farmers on the 15th of the month; for soybean meal, bran, linseed meal and middlings the prices paid by Ohio Farmers on the 15th of the month.

Calculate a price relative of dairy feeds by dividing the weighted average for the current month by the five-year average.

Compute an average of hay prices by adding the prices received by Ohio farmers for all hay for the corresponding months of the five previous years. Divide this total by 5. Calculate a price relative for hay by dividing the price for the current month by the five-year average.

Compute a five-year average of farm wage rates by adding the rates for the corresponding months of the five previous years. Divide this total by 5. Calculate a wage rate relative by dividing the wage rate for the current month by the five-year average.

Combine the dairy feeds, hay and farm wage relatives into an index by multiplying the dairy feeds relative by 40, hay

by 27 and wages by 33. Add the three results.

Compile a price relative for each of the following livestock products by dividing the average for the five corresponding months of previous years into that of the current month. Combine these relatives into an index of alternate uses for feed by using the following weights: Hogs 44 percent, eggs 20 percent, beef cattle 20 percent, chickens 10 percent, lambs 3 percent, veal calves 2 percent and wool 1 percent.

Compute a relative of wholesale prices of all commodities as reported by the United States Bureau of Labor Statistics by averaging index of the corresponding months of the five previous years and dividing this average into the index for the current month.

Compute an index of retail store sales by averaging the index of corresponding months of the five previous years as quoted by the Bureau of Business Research of the Ohio State University and dividing this average into the index for the current month.

Calculate a composite index by weighing the foregoing four indexes as follows: Feed and labor costs 40 percent, wholesale prices of all commodities 25 percent, alternate uses of dairy feeds 10 percent and retail store sales 25 percent.

To obtain the basic price from which to establish class prices multiply the average of prices paid producers at condenseries for the corresponding months of the five previous years by the composite index.

By the Dairy Branch, Production and Marketing Administration:

3. Make such other changes as may be required to make the entire marketing agreement and the order as amended, conform with any amendments thereto which may result from this hearing.

Copies of this notice of hearing and of the tentative marketing agreement and order, as amended, now in effect may be procured from the Market Administrator, 527 First Huntington National Bank Building, Huntington, West Virginia, or from the United States Department of Agriculture, Room 1844, South Building, Washington 25, D. Interested parties may file exceptions to this recommended decision with the Hearing Clerk, Room 1844, South Building, United States Department of Agriculture, Washington 25, D. Preliminary statement. A public hearing to consider a proposed amendment to the order, as amended, and to the tentative marketing agreement was held at Columbus, Ohio, November 20, 1947, following receipt of a proposal filed by the Central Ohio Cooperative Milk Producers, Inc. (12 F. R. 7640)

The material issue presented on the record of hearing was whether Class I and Class II "floor prices" should be extended for a limited period in 1948 at the December 1947 Class I and Class II "floor price" levels respectively.

Findings and conclusions. The proposed findings and conclusions with respect to the material issue presented at the hearing, together with the reasons therefor are as follows:

Class I and Class II floor price provisions should not be amended to provide floor prices at the December 1947 level during a limited period in 1948.

The Class I and Class II milk prices resulting from the price formulas contained in the order, at the time of the hearing were near or in excess of the December floor prices provided therein. Although the feed situation was shown to be less favorable for milk production than a year ago, it was not established that the present provisions of the order would not result in prices which would reflect changes in the feed situation and other supply and demand conditions during the spring of 1948. The proponents did not propose to extend floor prices beyond the flush production period of 1948. The evidence fails to show that the extension of the December floor prices during the early months of 1948 is necessary to insure an adequate supply of pure and wholesome milk for the marketing area. Producers argued that it was necessary to assure them definite minimum Class I and Class II prices during the early months of 1948. Under prevailing conditions it appears that the present formula method of establishing Class I and Class II milk prices, coupled with the present floor price provisions of the order already gives producers a reasonable amount of price assurance for this period.

Therefore, it is concluded that the proposal for amending the Class I and Class II floor price provisions of § 974.5 should not be adopted.

Rulings on proposed findings and conclusions. Briefs were filed in behalf of the Central Ohio Cooperative Milk Producers, Inc., and handlers subject to Order No. 74. The briefs contained statements of fact, conclusions and arguments with respect to the proposal

discussed at the hearing. Every point covered in the briefs was carefully considered along with the evidence in the record in making the findings and reaching the conclusions hereinbefore set forth.
